We take personal data privacy seriously. The data in this form is used to assess the suitability for the return to face to face Scouting based on the controls put in place. The personal data in this form is used to identify the individuals who have completed and approved the risk assessment. This includes the individual who undertook the assessment, the line manager, Executive members and County Commissioner, who will all have access to this data. Scouts headquarters will retain this data for 3 years after the Covid-19 readiness level goes to 'Green' and does not return to 'Amber' or 'Red' to act as evidence of the assessment taking place. For further details on the Scouts data processing stance please visit our Data Protection Policy here. https://scouts.org.uk/DPPolicy.
